Welcome to visitors and bull buyers to the Coleman Farms annual Charolai bull sale

Bull sale on Tuesday 21-05-24 1pm onwards

Northland season has been one of drying out after last year and cleaning up the blown down trees and fence repairs to getting back to some sort of normal management.

Since Christmas the North has dried out and the kikuyu has been a saver for a lot of us as the ryegrass disappears in the heat and now heading to a drought rain relief today 11-4-24, 22 mils.

The weaner fairs in the North were well supported with the spring Charolais cross topping the weight for age category.

The top heifer calves have been sort after for the spring premium wholesale market at 12 to 14 months. We have supplied this market since 1994 hook weight 220 plus kilo's September 1994 (\$2.90) 1995 (\$1.80)

2022 (\$6.20), 15-9-22 (\$6.90), 2023 (\$6.10) spring prices depending on demand. The closing of the State Highway for repairs added a further cost in cartage for the Southern buyers for weaners this autumn and to those that trucked to the Southern sales for a premium is a risk on dollar margins on cartage.

This year's bulls are sired by

Moonlight Noddy N36 son of Palgrove Awesome

CF Pybolin P102 son of Symbol (AI)

RJC Newton N4 Palgrove Hallmark

Sasmo S112 Son of Casino 375c calves on the ground and this coming spring EBV's can be a guide and we are disappointed with some results but what you see is what you GET on your assessment.

The bull weights were recorded last week of March, the 600 day EBV are estimated. The new data may be available by sale day plus the yearling.

Calves are weighed with the weigh band tagged with the button and the large tag at weaning.

Thank you for attending it's also a social day for us Coleman's to join us and if you purchase wish you every success.

Kind regards from the Coleman family John & Lily, Richard & Hinari, Sue and Jacky.

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

EBV'S EXPLANATION

Estimated Breeding Values (EBV's)- EBVs for the growth traits are calculated in kilograms. The EBVs for the growth traits are calculated in kilograms. The EBV is the best estimate of an animal's genetic merit for that trait.

Birth Weight EBV- This EBV gives an estimation of the animals breeding value for birth weight. The lower the EBV, the lower the birthweight.

200-Day Growth EBV- Estimation of the animal's genetic merit for 200 day growth calculated independently for the maternal milk effect.

400 Day Weight EBV- This EBV gives us an estimation of the animal's yearling weight potential.

600-Day Weight EBV- This EBV is an estimation of the animal's genetic potential for growth to 600 days (18 months).

FMG Premier Bull Sale Insurance **FMG** Advice & Insurance

What is FMG Premier Bull Insurance?

FMG provides automatic insurance for all bulls auctioned at an FMG Premier Bull Sale up to the value of \$50,000 for 14 days at no cost to the purchaser. For any bull purchased over \$50,000 talk to an FMG representative.

What is the length of cover?

You will automatically be insured for the specified bull for 14 days. You also have the option to extend the length of insurance to 12 months. Simply tick the “Extend your Premier Bull Insurance” option on the Purchaser Slip. The specified bull is then insured for the remaining period of 12 months at **7.6%** of the purchase price (the sum insured for the bull). If you would like to discuss an alternative timeframe, please have a chat with your local FMG representative.

You don't have to pay today, FMG will invoice you for this additional cover.

What are the benefits?

✓ Infertility	Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, or illness.
✓ Theft or death	We cover your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ Vet costs	We cover up to \$500 for treatment of your specified bull to prevent death.

What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Bull Purchaser Instruction and FMG Insurance Slip

Please complete this slip and hand to the Booking Clerk before leaving the sale. This slip **MUST** be fully completed to be eligible for the 14 days free Premier Bull Insurance.
