

Welcome to our 14th annual bull sale. It is now 15 years since we purchased our first group of 9 cows to start our stud and with now over 100 females calving, this spring, time has definitely flown.

Once again the weather patterns have dominated the farmers year. Here in the King Country we experienced one of our wettest winters, carrying on into spring then the summer and no let up in the autumn either. Amazingly we struggled to get sheep dry for shearing in February!! Shouldn't complain too much as there has been an abundance of grass and we haven't had to endure major floods or earthquakes as many of our farming colleagues have had to – poor buggers.

At Kia Toa we are very pleased to see, once again, our bulls progeny commanding unbelievable prices at the recent weaner fairs - \$150 to \$200 above previous years. The Charolais breed demanding the premium prices at the sales, pay back for the hill country cow breeders. Ironically we hear that some farm consultants/experts are now pushing the idea of running a herd of breeding cows on the hills – my how it has turned a full circle.

The big investment, for our stud, this year was the purchase of Silverstream Joblin from Brent & Anna Fisher. He brings, not only good figures, but some real grunt in terms of thickness, depth structure, temperament and is polled to boot! Hopefully he will add to our studs future breeding programme and at \$22,000 he'd bloody better!

A big thanks to family, friends (who get no commission) and auctioneers and agents (who get PLENTY) who have contributed to this sale. A special thanks to Claire who tells us, regularly, what to do, when to do it and how to do it (some people call it nagging but we would not be that silly) and puts so much time and effort into the catalogue and sale.

Your feedback is very important to us as, even though we try to get the "job" right, there will always be the odd hiccup so please do not hesitate to contact us with any problems or issues.

All our bulls have been EBL & BVD tested clear and vaccinated however we do recommend that all bulls receive a BVD booster vaccination prior to mating.

A big thanks to all our existing and future clients for attending this sale. We hope you find a bull to suit your needs and that its not too cheap.

# EBV'S EXPLANATION

## Estimated Breeding Values (EBV'S)

EBVs for the growth traits are calculated in kilograms. The EBV is the best estimate of an animals genetic merit for that trait.

### Birth Weight EBV

This EBV gives an estimation of the animals breeding value for birth weight. The lower the EBV, the lower the birthweight.

### 200-Day Growth EBV

Estimation of the animals genetic merit for 200-day growth calculated independently of the maternal milk effect.

### 400-Day Weight EBV

This EBV gives us an estimation of the animals yearling weight potential.

### 600-Day Weight EBV

This EBV is an estimation of the animals genetic potential for growth to 600 days (18 months).

NZ Charolais Society EBV's National Average 2016			
BW	200 day	400 day	600 day
1.14	22.2	37.8	42.8

These are averages from the Colorado Estimates

# CONDITIONS OF SALE

1. The auction will be conducted under the Conditions of Sale laid down by the Stock and Station Agents Association.
2. All bulls are guaranteed breeders. If there are any claims made against the bulls, they should be made in writing within 7 months of the sale and accompanied by a Veterinary Certificate. Should the Bull fail to breed to a satisfactory level this animal will either be replaced with an animal of comparable value or a credit given at the following sale. This does not include interest, expenses, costs and damages.
3. All Bulls are sold with a 2 season Foot Guarantee which guarantees they will be capable of natural service for a minimum of 2 seasons. This guarantee only covers faults due to poor conformation and does not cover obvious negligence on the part of the purchaser or faults due to injury or abscess. Any claims must be made in writing and accompany a Veterinary report within 14 months of sale. Remuneration will be made in the form of either a replacement animal or credit at the next years sale on a pro rata basis, to the amount of use received by the purchaser, with the Bull being returned to Kia Toa Charolais. This guarantee does not include interest, expenses, costs or damages.
4. Bulls are to be trucked for delivery by the purchaser as soon as possible after the sale. If required Bulls may be held at the Vendors properties for up to 10 days after sale at the Purchasers Risk.
5. Insurance is recommended as each lot shall be at the risk of the Purchaser at the fall of the hammer.
6. Any dispute shall be settled by an arbitrator appointed by the auctioneers.
7. Kia Toa cattle are fully recorded and transferable within NZ Charolais Cattle Society Inc.
8. All Bulls are TB Accredited.
9. The Sale will be conducted exclusive of GST.

10. **PURCHASING REBATE** - All intending purchasers are required to register at the sales office prior to the sale. A purchasing rebate of 5% will then be paid to non-participating livestock companies and recognized independent livestock agents with approved credit facilities introducing new and/or accompanying buyers to the sale. Arrangements must be made prior to the sale and settlement made on the purchaser's behalf within 14 days.
11. Although all care has been taken to ensure accuracy of information contained in this catalogue, no responsibility is accepted for any error or omission that might be contained herein.

## **DISCLAIMER**

All details and descriptions as to stock referred to in this catalogue have been supplied to PGG Wrightson and NZ Farmers Livestock by the Vendor and have not been independently verified by these companies.
